

# PEOPLE'S PARITY PROJECT

## Leadership Fellows Program

The application for PPP's Leadership Fellowship is open! The program is open to rising 2Ls at any law school in the country and is an amazing opportunity to develop organizing and advocacy skills while making a difference in your community and advancing your career.

### PPP LEADERSHIP FELLOWS FIGHT CORPORATE CAPTURE OF LAW SCHOOLS AND ORGANIZE AND ADVOCATE FOR THEIR COMMUNITIES ON SEVERAL FRONTS

- Changing the culture on law school campuses so that pro-corporate work is no longer seen as politically and morally neutral, but rather understood as something that actively harms already marginalized and vulnerable people
- Pushing for improved financial and practical support for pro-people, public-interest law students at the campus and bar level
- Advocating for legislation to unrig the legal system, from banning coercive contracts, to implementing just cause employment protections, to instituting a civil right to counsel

### FELLOWS RECEIVE SIGNIFICANT SUPPORT FROM PPP AND ITS NETWORK

- Expenses-paid annual retreats with fellowship cohort, PPP staff, and invited speakers
- Connection to outside mentors doing excellent work in fellows' anticipated fields and/or related to campaigns
- Financial support for events and campaign needs
- Opportunities to earn academic credit and/or summer public interest funding for PPP campaign work
- Fellows-only organizing, legislative and policy advocacy, communications, and other trainings
- Connections with PPP network and other job support before and after graduation

Interested in Joining the Next Leadership Fellows Cohort? [Apply here!](#)
