STATE BAR ASSOCIATION ADVISORY OPINIONS

MAINE

Advising Clients Concerning Maine's Medical Marijuana Act

Opinion #199; July 2010

". . . So long as both the federal law and the language of the Rule each remain the same, an attorney needs to perform the analysis required by [M. R. Prof. Conduct 1.2] and determine whether the particular legal service being requested rises to the level of assistance in violating federal law. . .

Where the line is drawn between permitted and forbidden activities needs to be evaluated on a case by case basis. . . We cannot determine which specific actions would run afoul of the ethical rules. We can, however, state that participation in this endeavor by an attorney involves a significant degree of risk which needs to be carefully evaluated."

STATE BAR ASSOCIATION ADVISORY OPINIONS

ARIZONA

Scope of Representation Under the Arizona Medical Marijuana Act

Opinion 11-01; February 2011

"A lawyer may ethically counsel or assist a client in legal matters. . .despite the fact that such conduct potentially may violate applicable federal law . . .If:

- (1)at the time. . .provided, no court decisions have held that the provisions of the Act relating to the client's proposed course of conduct are **preempted, void or otherwise invalid**;
- (2)**the lawyer reasonably** concludes that the client's activities or proposed activities comply fully with state law requirements; and
- (3)**the lawyer advises the client** regarding possible **federal law implications** of the proposed conduct if the lawyer is **qualified** to do so, or **recommends** that the client seek other legal counsel regarding those issues and appropriately limits the scope of the representation."

STATE BAR ASSOCIATION ADVISORY OPINIONS

CONNECTICUT

Providing Legal Services to Clients Seeking Licenses Under the Connecticut Medical Marijuana Law
Opinion 2013-02; January 2013

"At a minimum, a lawyer advising a client. . .must inform the client of the conflict between the state and federal statutes, and that the conflict exists regardless of whether federal authorities in Connecticut are or are not actively enforcing the federal statutes.

It is our opinion that lawyers may advise clients of the requirements of the Connecticut Palliative Use of Marijuana Act. Lawyers may not assist clients in conduct that is in violation of federal criminal law. Lawyers should carefully assess where the line is between those functions and not cross it."

*ORDER ADOPTING COMMENT [1] TO
NEVADA RULE OF PROFESSIONAL CONDUCT 1.2*

Comment [1]:

"A lawyer may counsel a client regarding the validity, scope, and meaning of Nevada Constitution article 4, section 38, [Use of plant of genus Cannabis for medical purposes] and NRS chapter 453A, [Medical Use of Marijuana] and may assist a client in conduct that the lawyer reasonably believes is permitted by these constitutional provisions and statutes, including regulations, orders, and other state or local provisions implementing them. In these circumstances, the lawyer shall also advise the client regarding related federal law and policy."
